## THE RAILROADS.

The Fort Worth and Denver Carries Over Two Hundred People to the Sale at Cheyenne.

The Missouri Pacific and St. Louis, Arkansas and Texas are Willing—Santa Fe Change of Time.

## Home Notes.

The track of the Fort Worth and Denver has reached a point 407 miles north-west of Fort Worth.

The Denver, Texas and Fort Worth has track laid six miles this side of Trinidad and will lay one and a half miles of track daily from this time on.

The Texas Traffic Association has granted a one fare for the round trip rate to the state immigration convention at Dallas. It is hoped by some that a cent per mile rate will yet be made.

A very prominent railroad man said yesterday "Texas can count on the fact that the Missouri Pacific and the St. Louis, Arkansas and Texas will give low rates to the state, if the Texas Traffic Association will permit it."

A young man by the name of Bogle, a telegraph operator by avocation, who has been cared for by the Knights of Pythias while suffering an attack of meningitis, was sent to his home in Matamoros, Ill., yesterday through the kindness of the Fort Worth and Denver Railroad.

The Fort Worth and Denver on yesterday took out the largest train of passenger coaches, all full, since it has been built. There were over 200 people on board, about sixty of them from Fort Worth, the others from all over the state. These people were going to Cheyenne to attend the sale of lots there which comes off to-day.

H. W. Gabbett says the Savannah line which he represents in the southwest, has been obliged from pressure of business, to charter three extra steamers. Four new ships are on the stocks for the company, and two will be ready for duty by April 1. The guaranteed speed of these new vessels will be sixteen and one-half miles per hour. These ships will be owned by the railroad company.

The Gulf, Colorado and Santa Fe will change time on Sunday, the northbound accommodation leaving here at 7:30 a.m. in place of 10:55 a.m. at present. The passengers on this train will breakfast in Fort Worth. The southbound will arrive at 4:35 p.m. instead of 4:05 p.m., as at present, and the passengers will eat dinner here. There will be no change on the through Kansas City and Galveston trains.

"The Trinidad Citizen," under the caption "Important News," says: "Recently, but reliably, it is learned that W. C. Bradbury, the extensive contractor, has just closed a contract to grade 125 miles of the Trinidad extension of the Rock Island road. It is asserted that Mr. Bradbury will take stock in the railway for payment for the work, and that he is well able to carry out his agreement. The work is to be begun as soon as Mr. Bradbury is through with his work on the Denver, Texas and Fort Worth Road."

## The Frog In.

HILLSBORO, TEX., Dec. 14.—The frog for the crossing of the Corsicans and Hillsboro extension of the Cotton Belt Railway and the Missouri Pacific Railway has arrived and will be put in position this evening, and the track laying completed to the depot at once. In a few days the depot building will be completed and the road opened for traffic.

Bound to Have a Railroad. Correspondence of the Gazette. GOLIAD, TEX., Dec. 12.—The railroad boom continues and will continue until this town is on the line and in the march to that prosperity, its advantageous surroundings guarantees it.

Will Drive the Last Spike. SAN FRANCISCO, CAL., Dec. 14.—The ceremony of driving the last spike to signalize the completion of the California and Oregon Railway will occur at Ashland, Ore., next Saturday afternoon, December 17. A party of invited guests, including the Governor of the state and from the principal cities in California, will leave here next Friday night to witness the ceremony. The party will then proceed to Portland where a public reception will be given. The completion of this road gives for the first time an all rail communication on the Pacific coast from the Mexican boundary to Puget sound.

A Big Change. ST. LOUIS, MO., Dec. 14.—A local paper this morning recites the disadvantages of the Iron Mountain and St. Louis, Arkansas and Texas Railroad crossing of the Mississippi river at Bird's Point, Mo., and states that measures are now in hand whereby this crossing will be abandoned and the above roads will reach Cairo by transferring trains at Belmont, connecting with the Illinois Central Railroad in Kentucky, which road, it is reported, will build a line from Memphis to Cairo via Columbus and cross the Ohio river by the new bridge now being constructed. This will cause Bird's Point to be abandoned and double facilities at Belmont. It is stated that the St. Louis, Arkansas and Texas and Illinois Central people have already made agreements as to the use of parts of their road.

## THE FIRE RECORD.

Elevator Burned. WARREN, MINN., Dec. 14.—The Warren Manufacturing Company's elevator containing 30,000 bushels of wheat, burned last night. The elevator and contents were valued at \$250,000, and were partly insured.

Narrow Escape. Special to the Gazette. LOVELADY, TEX., Dec. 14.—The hotel kept by Mrs. Adams had quite a narrow escape from fire last evening caused by the fire of a stove setting fire in the upper story, but the bucket brigade was on hand in time and extinguished the fire before causing much loss.

Dwelling on Fire. Special to the Gazette. WHITEWRIGHT, TEX., Dec. 13.—W. S. Russell's dwelling was discovered to be on fire early this morning, but by prompt work it was extinguished. Loss on house and household goods by water and removing them, about \$100, with no insurance.

Blaze at Alexander. Correspondence of the Gazette. STEPHENVILLE, TEX., Dec. 13.—A disastrous fire occurred at Alexander, this county, last night. Sherman & Tolliver, J. D. St. Clair, E. V. D. Bateman, H. R. Keyser, S. D. King and G. W. Burrows were burned out. The losses are estimated about as follows: Sherman & Tolliver, loss on stock of goods, \$5000; on house, \$2000; insurance, \$4000.

T. Jordan, on house, \$800; no insurance. H. R. Armstrong, loss on goods, \$2250; insurance, \$1000. E. V. D. Bateman & Co., on goods, \$3750; insurance, \$1500. H. B. Keyser, loss on house, \$750; insurance, \$250. S. D. King, loss on goods, \$250; on house, \$800; no insurance. J. D. St. Clair, loss on postoffice effects \$500; no insurance. G. W. Burrows, loss on livery stable house \$1000; no insurance. This misfortune is a public calamity to this little town and community, and a heavy loss to the parties directly affected. The fire is supposed to have originated in the store of Sherman & Tolliver, from a defective fuse. The fire was discovered about 12 o'clock at night, and is considered an accident and no incendiary act. The insurance adjuster has been telegraphed for.

Whittaker's Big Win. The finest in the universe, nothing excepted, can be had with every other kind of good catches for the holidays at the Fort Worth Grocer Company's. This is the leading grocery house in Fort Worth, consequently is more likely to have what you want.

## DALLAS.

An Injunction Granted—Suit for Divorce—The Dallas Base Ball Club a Fixture—A Runaway.

The Young Men's Christian Association in a Financial Strait—An Arrest for False Imprisonment.

Special to the Gazette. DALLAS, TEX., Dec. 14.—A. L. Miller filed to-day an injunction suit against J. C. Roberts and J. I. Greyson, merchants, restraining them from selling their stock of goods on the grounds that A. L. Miller, having been a partner of Roberts & Greyson and having sold to them his interest, they to settle all outstanding indebtedness, alleges that the goods were being sold, while the debts remained unpaid, and praying the court to appoint a receiver. The injunction was granted.

Joseph Lenox filed a suit for divorce against his wife, Johanna Lenox. They were married in Dallas in 1884, and lived together as man and wife until August, 1887, in "peace, quietude and happiness" during all these years, when Mrs. Lenox, without cause, left his bed and board and has never returned and still refuses to return.

The friends of the State Base Ball League here have responded liberally and it can be set down that the Dallas Club has "come to stay." The delegates to the State League left to-night for the convention to be held at Austin to-morrow.

The Young Men's Christian Association of this city is in the throes. The good people of Dallas have not sufficiently patronized it financially as to place it on a firm financial foundation. Some months since Secretary Harned was let out on account of the financial condition of the association, and since that time members have volunteered to act, though F. N. Foot has been the moving spirit in keeping up the interest. There is now a movement on foot to put the association on a firm basis, or follow it to lapse, and make another effort on a smaller scale. The people of Dallas, it is complained, have failed to take that interest in the association to insure success financially. Socially and religiously it has been a success and has done much good, but it requires \$4000 hard money per annum to run it, and that amount has not been forthcoming.

Newton H. Lassiter, Esq., of Fort Worth, was in the city to-day. Messrs. Flippin, Sanger and Schneider and others, trustees of the Gulf, Colorado and Santa Fe Railroad, brought suit in Justice Braswell's court against George Ellis and others, to test the note subscriptions to the Santa Fe extension to Paris, these parties having subscribed to the \$20,000 bonus. The jury rendered a verdict in favor of the trustees.

Deputy Sheriff Ferguson arrested to-day Mr. A. Leroy, a merchant, during the charge of false imprisonment, during a little girl in his store, claiming that she had stolen some chewing gum. Leroy made the little girl pull her stockings down in order to convince him that she did not have the gum secreted.

The Emerald Club of this city will give a complimentary social entertainment to the lady friends of the members of the club on the evening of the 28th. It will be given in Turner hall. The school teachers of Dallas were paid off to-day. It took \$2000. Quite an excitement occurred on Main street this afternoon. A runaway horse, riderless, came dashing down the street and ran into a buggy in which were seated Mrs. Frank Field and another lady, upsetting the buggy and throwing both ladies out, and, strange to say, far enough to clear them from the buggy, neither receiving a scratch. The horse attached to the buggy took fright and followed the other runaway, soon detaching himself from the vehicle.

## CATTLE SEIZED.

An Officer of the Chickasaw Nation Demands a Tax of \$1 per Head.

Special to the Gazette. ARDMORE, I. T., Dec. 14.—Great excitement prevails in this vicinity on account of the seizure and intended sale of cattle by Dick McElish, an officer of the Chickasaw nation. Cattle were taken from various parties for non-payment of a tax of \$1 per head which this nation asserts on all cattle belonging to non-citizens, and when they do not pony up when McElish and his gang call for it, their cattle are summarily seized.

Among those whose cattle have been seized recently are C. H. McAllister and G. C. Akers, who are contesting his right to confiscate property. The case is now before United States Indian Agent Owens, who has not yet decided. McElish, it seems, has taken matters in his own hands and intends selling the cattle on the 15th at Briar Creek, county seat of this (Pickens) county. McAllister, Akers and others who have cattle in the bunch, are marshaling their forces and starting for Briar Creek this morning, where it is feared there will be serious trouble. Parties say they will have their cattle at whatever cost.

## AUSTIN.

Many Applications to Purchase Agricultural Land Being Received.

Special to the Gazette. AUSTIN, TEX., Dec. 14.—At the General Land Office many applications for purchases are being received, the time being limited under the law to January 4. Thirty applications to purchase agriculture school lands in Potter county at \$2 and \$5 have been received, and in Lipscomb, Ordman and Ochiltree counties agricultural lands have been sold as high as \$3.50, which six years ago could have been bought for 50 cents. One applicant offers \$3.75 per acre in Tom Green county.

Austin is full of mud to-day. The dome of the new capitol is nearly covered with galvanized iron, and at a distance of five miles it looms up grand. The Comptroller to-day deposited \$18,000 in the treasury. The trial of Mrs. Annie Hutcherson, charged with poisoning her husband, was continued to-day. Judge Cleveland of Galveston, a relative of the defendant, made a brilliant speech in her behalf.

A. S. Richardson of Houston, grand senior warden; G. W. Tyler of Belton, grand junior warden; H. Scherffus of Houston, Grand Treasurer; T. W. Hudson of Houston, Grand Secretary. The Grand Master will announce the appointive officers to-morrow.

At Goliad. Correspondence of the Gazette. GOLIAD, TEX., Dec. 12.—It has been raining here since yesterday evening, and still continues to rain.

At Sweetwater. Special to the Gazette. SWEETWATER, TEX., Dec. 14.—After many days beautiful weather we have a blue norther on deck this morning.

Snow at El Paso. Special to the Gazette. EL PASO, TEX., Dec. 14.—A stiff norther has been blowing all day and this afternoon it began to snow and continues late to-night.

At Pecos City. Special to the Gazette. PECOS CITY, TEX., Dec. 14.—After raining awhile this morning, it has been snowing all day. Appearances are that it will continue through the night.

At Milford. Correspondence of the Gazette. MILFORD, TEX., Dec. 12.—The wheat crop is looking well and a large acreage sown. Farmers are in the spirits over prospects for good crops of all kinds next year.

At Colorado. Special to the Gazette. COLORADO, TEX., Dec. 14.—A norther came down like a wolf on the fold this morning, and it has been growing colder ever since. Rain mixed with snow and sleet has been falling all day, and at dark the indications are a very bad night.

At Dublin. Special to the Gazette. DUBLIN, TEX., Dec. 14.—Cotton continues to come in pretty lively and is selling at good prices. The weather this morning is very raw and cold and looks as if it might snow. We have only had about three days good weather in the last three weeks.

Hillsboro Notes. Special to the Gazette. HILLSBORO, TEX., Dec. 14.—The cotton compress has at last been completed and is now ready for compressing cotton. It is a splendid building and the machinery is all first-class. It is indeed, an ornament to Hillsboro.

The good weather we had did not continue long. It is now raining, cold, muddy and very disagreeable.

In Throckmorton County. Correspondence of the Gazette.

THROCKMORTON, TEX., Dec. 12.—We were shown last week some well matured and fine cotton as can be raised anywhere. It was raised on the farm of Messrs. Wade & Rucker and brought in by Mr. J. C. Rucker, from the southwest portion of the county, on the Clear Fork of the Brazos river. They made this year eight good, heavy bales on sixteen acres of land. This being almost the first experiment with cotton in this county, we feel assured that cotton is a success here. They will plant a large acreage next year, as will many others in different portions of the county.

At Longview. Special to the Gazette. LONGVIEW, TEX., Dec. 14.—A long continued drizzle began yesterday noon and it is still drizzling—the most unsatisfactory, dismal and "blue" provoking weather. The dark clouds hang low, the mist laden fog hangs lower still, and the continuous drizzle comes from its dreary folds so does the over-moistened earth send out its mud and slush on every pedestrian who presumes a foot upon her bosom. Slowly but surely the numerous streams are flooding their valleys and many are impassable. Notwithstanding the dreary aspect above and the mud below the streets are filled with wagons of cotton.

## GALVESTON.

On Trial for Perjury—Pretty Rich Gold Quartz.

Special to the Gazette. GALVESTON, TEX., Dec. 14.—The United States District court was occupied to-day hearing the case of Frank J. Smith of Dallas, the state agent of the Monumental Bronze Company of Bridgeport, Conn. Smith is charged with perjury in connection with the noted case of J. J. Shannon against the Monumental Bronze Company for false imprisonment. Shannon obtained verdict for \$6000 damages ten days ago. Smith is charged with having made false affidavit last spring in order to obtain a continuance of the case from the March term. The case was given to the jury this evening.

Mr. Barney Tiernan received to-day by express from his mines in New Mexico, two remarkable specimens of free gold quartz, which assay from \$6000 to \$7000 to the ton. One of the specimens weighs fully twenty pounds and fairly bristles with free gold, besides showing strong traces of silver.

## A WARRIOR.

The Condition of the Crown Prince Would Appear to Be More Threatening—A Consultation of Physicians.

BOULANGER'S PATRIOTISM. ST. PETERSBURG, Dec. 14.—The Novoe Vremya publishes in its Paris correspondence a letter from General Boulanger to M. Saussan, a member of the Chamber of Deputies, declining the latter's offer to surrender his seat in General Boulanger's favor. England. A SENSATIONAL NEWSPAPER STORY. LONDON, Dec. 14.—The Times states on the authority of a Parnellite who stipulates that his name must not be disclosed, that Dr. Hamilton Williams of New York will succeed O'Donovan Rossa in the leadership of the extreme Nationalists in New York and that Williams has a fund of \$200,000 at his disposal to organize associations and dynamite explosions by sending to England Irish-American agents, who do not work directly, but endeavor to find among the criminals of large towns material to assassinate public men and to conduct dynamite explosions. These agents are now at work and are well supplied with funds. The Times' informant also states that two hundred weight of dynamite has been stored secretly in London. The Times hopes that the police on the strength of this statement will be able to find the dynamite.

Austria. A MILITARY COUNCIL. VIENNA, Dec. 14.—Another military conference was held yesterday, the Emperor presiding. The decisions of the first conference were discussed in detail. Eleven engineer officers will start for Galicia immediately to examine the railroads, fortresses, etc. Archduke Albrecht will not go to Galicia as he intended.

## A BOLD ROBBERY.

The Daughter Strangled to Death and the Father Gagged.

CINCINNATI, OHIO, Dec. 14.—A special from Kilgore, Ky., tells of a bold robbery and murder at Eastern Kentucky Junction, a small town on the Newport and Mississippi Valley Railroad last night. Thomas Powell and his daughter keep a general store in the village. Last night it was entered by robbers who strangled the daughter to death to stop her outcry and then bound and gagged her father and robbed the store of several hundred dollars in money besides goods, and made their escape. Some time afterwards neighbors discovered Mr. Powell. Searching parties were sent out after the criminals. Mr. Powell is sixty-four years of age.

McCulloch, occurred in this city to-day with about forty survivors in attend. Capt. William Boggs of Waco, in the unavoidable absence of General McCulloch, presided, with Lieutenant Will Lambert at the secretary's desk. Letters of regret at not being able to attend have been received from ex-President Jefferson Davis, Governor Ross and other state officials. The veterans are banqueted to-night by citizens with General D. L. Stanley, commanding the Department of Texas, United States Army, and his staff as guests.

Postoffice Robbery at Glimmer. Special to the Gazette. GLIMMER, TEX., Dec. 14.—The postoffice at this place was broken into by burglars last night and robbed of all stamps of all denominations. The burglars first broke into the blacksmith shop adjoining and secured what tools they needed. They failed to get in at the side window and again at the back door, after which they prized open the front door. After getting into the building they broke the lock of the safe and drove the combination through the inside. Postmaster Shrum cannot give the exact amount taken. There is no clue to the robbers.

The Union of the Branches. LOUISVILLE, KY., Dec. 14.—The committees appointed by the northern and southern assemblies of the Presbyterian church to meet here and confer upon the proposal to reunite the two branches of the church held separate meetings to-day. Both meetings were secret and not a word will be given for publication by the members of the committees.

Miss Laura Winkler of Iowa is one of the most successful temperance workers in the state. The fact that she is totally blind adds no bar to her vigorous work in her favorite field, the workshop, where she makes strong and personal appeals to men to give up liquor drinking.
